MEMORANDUM FOR: [REDACTED]  
25X1A FROM : [REDACTED] Chief, Counterintelligence Staff  
SUBJECT : Status of Review of Retired CI Staff  
File Holdings

1. As of 11 June 1976 members of the CI Staff, the Information Services Group, and the Office of the Special Assistant to the DDO have examined 44 of a total of 259 boxes of retired CI Staff file holdings. Based on this initial review it is planned to review the contents of approximately 80 additional boxes. We estimate this should be completed by the end of this month. At that time we will be able to determine whether it will be necessary to review any further boxes in the retired holdings.

2. Thus far the only "surprise" discovery has been the eight rolls of undeveloped mail cover film found in retired HTLINGUAL holdings. The review has determined that in some cases the inventories of retired holdings are incomplete, misleading or inaccurate. We have also found a few cases of unrelated materials being filed along with holdings which otherwise are accurately described in the inventory.

3. We will keep you advised of our progress in this undertaking.

MEMORANDUM FOR: E. H. Knoche  
DDCI (Designate)

25X1A FROM : [redacted]  
Inspector General (Designate)

SUBJECT : Status Report: Scrutiny of 300 Boxes of Newly  
Discovered CI Material

25X1A 1. A DDO CI Staff registry team augmented at my suggestion by  
[redacted] of my [redacted] Staff, has been going through the 300 or  
25X1A so boxes or files belonging to the CI Staff which were recently  
discovered at [redacted] archives. All boxes are being carefully  
inventoried. Boxes of possible or apparent interest are being sent  
to Headquarters for detailed inspection.

25X1 2. Much but not all of the material appears to duplicate that  
which is already in the record system. [redacted]

3. A folder containing material -- principally FBI material --  
related to Cuban assassination plots against the U.S. President in  
Latin America is being closely inspected to ascertain if it is  
relevant to the current investigation being conducted by the Senate  
Select Committee with regard to President Kennedy's assassination.

25X1A 4. The CI Staff seems impressed with the importance of carefully  
25X1A scrutinizing all of this material. [redacted] is keeping close  
touch with me, and my assistant, [redacted] has been personally working  
with the registry team in the cataloguing process.

MEMORANDUM FOR [REDACTED]  
25X1A

[REDACTED] will give you  
a detailed interim report by the  
end of the week. They have done 55  
boxes so far, and so far, no  
surprises. They are slowed up  
because inventories and contents of  
boxes do not match.
